High School Graduation Requirements

The Board will award a regular high school diploma to every student enrolled in the District who meets the District requirements for graduation. An official transcript will indicate the specific courses taken and level of achievement.

The Board will establish graduation requirements which, at a minimum, satisfy those established by the Board of Public Education (A.R.M. 10.55.904 and 905). Generally, any change in graduation requirements will become effective for the next class to enter ninth grade. The Board may make exceptions to this general rule when it is determined that proposed changes in graduation requirements will not have a negative effect on students already in grades nine through twelve (9-12). The Board will approve graduation requirements as recommended by the Superintendent.

To graduate from Park High School, a student must have satisfactorily completed the last quarter prior to graduation as a Park High School student. Highly unusual exceptions may be considered by the principal, such as a student exchange program in a recognized school.

A student with a disabling condition shall satisfy those competency requirements that are incorporated into an individualized education program (IEP). Satisfactory completion of the objectives incorporated in an IEP shall serve as the basis for determining completion of a course.

A student may be denied participation in graduation ceremonies in accordance with 20-5-201(3) MCA. In such instances, the diploma will be awarded after the official ceremony has been held.
